Churchill Worst Hated Man in England

Resigned Cabinet Officer has Been Target for Most of Hostile Criticism Aimed at Coalition Government.

Resigned Cabinet Officer has been the target of more criticism since the war started than Winston Spencer Churchill, who has just resigned from the post of chancellor of the duchy of Lancaster in the British cabinet...

Mr. Churchill assumed the most important position in the cabinet, that of the chancellorship of the duchy of Lancaster, when the coalition ministry was formed last May...

Incidentally Mr. Churchill's change of office did not reduce the flood of criticism. He will be 44 years old November 30, but according to his critics he does not require discretion with years.

Churchill has been (named) for the independence of the British empire of Antwerp. Similarly he has had the honor of the public benches for the attempt to force the Bulgarians.

It is logically unreasonable to place upon his shoulders the responsibility for the present situation, which would not have been made without the approval of his other cabinet associates...

Mr. Churchill intends to explain the reason for his resignation at the sitting of the house of commons Monday.

AUSTRO-GERMAN SOURCES STILL SILENT UPON SINKING OF ANCONA

Washington Absolutely Unable to Get Definite Information and London Claims to be Without Facts.

FATE OF AMERICANS IS STILL TO BE DETERMINED

One Account Tells of an American Woman Forced to Jump from Deck to Launch. Her Maid Killed by Gunshot.

Washington, Nov. 12.—The American consular at Malta advised Secretary Lansing today that forty-one of the crew and four passengers of the Ancona, none of them Americans, had been landed at Malta by the British steamer Brodick.

This one dispatch was the only overnight information received by the state department, whose officials still cannot understand the lack of official information.

London, Nov. 12 (4:10 a. m.)—A dispatch from the island of Malta to Reuters' Telegram company says: "There are no American survivors of the Italian steamer Ancona here. It is believed from a reliable source, however, that one American either was drowned or is missing."

Paris, Nov. 12 (5:25 p. m.)—Passengers aboard the liner Ancona were compelled to seek safety in the launch while the steamer was subjected to a bombardment from an Austrian submarine, according to a story of the tragedy told by Dr. (Gottlieb) Graf of New York to the Havana correspondent at Ferrville.

The Italian liner Ancona was sunk by the Austrian submarine, according to a dispatch from the Italian consul in London, according to the Italian consul in London, according to the Italian consul in London.

Nothing Definite, Says Jordan of Peace Plans

Merely Hopes that Spirit of Christmas Time May Move Some of Belligerents to Seek Settlement.

Washington, Nov. 12.—Dr. David Starr Jordan, who discussed peace prospects yesterday with President Wilson, issued a statement today making clear that he had no definite idea that a joint peace commission of neutrals could be established before Christmas or at any time definitely to be set.

Dr. Jordan said today that his idea was that the Christmas period, traditionally and historically devoted to the interests of peace, "would be a good time for thinking it over."

"There is, however," he said, "an unofficial meeting of this kind to be held at Berno December 14 to 18, at which some dozens of the leading advocates of friendly international relations will be present."

New Haven, Conn., Nov. 12.—Expert prediction was blown to smithereens today when a rejuvenated Yale team vanquished a confident Princeton eleven by a score of 13 to 7. Yale took the lead in the second period and two field goals by Guernsey, only to have it smashed away by a Princeton touchdown a few minutes later, the half ending with the Tigers ahead by a single point.

REHABILITATION OF ROCK ISLAND A COSTLY JOB

Special Report of J. W. Kendrick Estimates Minimum of Twenty-seven Million Dollars as Necessary.

Chicago, Nov. 12.—Five years' time and an expenditure of approximately \$27,000,000 is required for the thorough rehabilitation of the Chicago, Rock Island & Pacific company, now in the hands of a receiver, according to the special report of J. W. Kendrick, made public here today.

The full amount of the savings or economies suggested will not be realized until the last year, June 30, 1921. The major part of the capital expenditure should be made during the first three years, and the money so required is estimated at \$27,000,000.

Fiance Existed Only in Mind of Miss Crumley

Delusion was so Strong However that She Brought Home Body of an Unknown Man from Chicago.

Atlanta, Ga., Nov. 13.—Dr. Alleyne Hensley, announced in formal wedding invitations and society columns of local newspapers as the fiance of Miss Julia Choate Crumley, a music teacher of this city, existed only in her imagination.

Not until Miss Crumley had gone to Chicago, identified the body of an unknown man killed in a railroad accident, and shipped it here as that of Dr. Hensley did her family and friends suspect anything unusual.

She is being attended by nurse specialists today at the home of her father, the Rev. Howard Lee Crumley.

Sonatractory statements made by Miss Crumley after she arrived with the body led close friends of the family to call a physician who had known her for years.

EXPORTS FROM THE PORT OF NEW YORK SET NEW RECORD

October Shows Total of Hundred and Seventy-five Million Dollars Value From Single American Seaport.

MEANS TRADE BALANCE OF \$1,200,000,000

Huge Foreign Business Chiefly War Supplies for Europe With Bulk Taken by Great Britain.

New York, Nov. 12.—The greatest volume of exports ever recorded at a single port in the history of the United States left New York harbor during October, mostly for the warring nations of Europe, according to estimates made today by customs officials here.

The total, based on tabulations that are nearly complete, will not fall far short of \$175,000,000, or about \$7,000,000 a day for every work day of the month. In September, exports from New York totaled \$162,000,000.

Three hundred and ninety-three ships, nearly every one laden with a capacity cargo, left New York during October, as compared with 343 in September. The tabulation shows that munitions and foodstuffs, mostly grain, filled the list of articles shipped abroad, with clothing, shoes, cloth for uniforms, automobiles and automobile parts following in close order.

Imports decreased slightly, the total estimated volume being \$75,000,000. This would give a balance of trade of \$100,000,000 for the month—at the rate of \$1,200,000,000 a year—from the port of New York alone. In September the imports were about \$80,000,000.

Compared with October, 1914, last month shows an increase of more than 100 per cent of exports.
